With a strong foundation in computer science and software development, I possess problem-solving skills, analytical thinking, and collaboration abilities. Eager to leverage my technical expertise and passion for innovation to drive business growth and deliver high-quality solutions.

PROJECTS

Talking dictionary

Talking dictionary is an application which is to maintain all the details of dictionary and thesaurus. This search index lets the user to know completely about the word in search. This is an important task for all students, learners and workers to have knowledge on words. There are several issues regarding recall of synonyms and antonyms by human brain. so, talking dictionary serves as a better tool to update ourselves about a new word in one click rather than carrying a workbook.

This even helps the physically disabled to learn easily by listening the information in a voice note.

CO-CURRICULAR ACTIVITIES

Presented a power point presentation about client and server in college.

DECLARATION
